second day only, and on the intervening days a systematic treatment, as follows:

No. 4 electrode vertically over stomach B, No. 5 electrode from the coccyx up in C, fifteen minutes.

Eczema, psoriasis, etc.

All forms of skin diseases require the fumigated vapor-bath twice a week, using black oxide of mercury and the following daily applications:

First. No. 5 electrode from the base of brain down the spine in G, No. 6 electrode over the liver, stomach, and spleen in H, fifteen minutes, change No. 5 electrode from the lower end of spine upward in A, No. 7 electrode under the calves of legs or the feet in D, ten minutes.

Second. B–C and C–E currents in the same manner as in the preceding treatment.

Third. No. 5 electrode from below the shoulder-blades down the spine in B, No. 6 electrode across the liver, stomach, and spleen in H, and C–D current.

Fourth. If nervousness arises, use A–C from base of brain to the hands, or No. 3 electrode back of neck, from hair downward, in E, No. 4 electrode the small of back in F, ten to fifteen minutes.

DISEASES OF THE JOINTS, ETC.

Chronic or Subacute, Sequelæ of Sprains, Rheumatism, etc.

If tissue-changes are still active, as shown by tumefaction, pain, etc., treat as in the acute forms.

If only the sequelæ and consequent disability,

First. Place the extremity, a foot or hand, as the case may indicate, on an electrode or in a foot-bath, as most convenient, with G, the sponge-cup moved
